

# LIBER DIATHEKE

**“Do what thou wilt shall be the whole of the Law.”**

Divinity uttered the Law; the Law is Divine; by the Law, man becomes Divine .

The Word of the Law lives in us.

The Word of the Law is a lie; but the Breath behind the Utterance, and the Wisdom behind the Breath, have their origin in eternal ineffable Truth.

The Word of the Law is powerful in many ways.

The Word of the Law is not to be understood by reason, but through Insight of Holy Epiphany.

The Word of the Law is of a triune Mind, both Female and Male together in a single Holy Spirit of Agapae, that is at once above yet within all humanity.

*Triune is the Covenant of our Scarlet Woman Babalon with the Man of Earth:*

**We are expected to suffer ordeals (passive);**

**We are expected to perform rituals (active);**

**We are expected to follow the Law of our own individual True Will as delineated in the Law (both passive and active, i.e. requiring comprehension of the Law and application of our lives to the Law).**

*Triune is the Covenant of our Beast with the Lover:*

**Take wine (a barbituate, and passive) and strange drugs (stimulants, which are active);**

**Be strong (bear up in rapture, or be strong-willed, i.e. masculine);**

**Enjoy all things of sense and rapture (feminine).**

*Triune is the Covenant of the Spirit of Aiwass with the Hermit.*

**Worship with fire and blood (passion and the menstrual power latent in woman), and with swords and spears (sperm and phallus);**

**Let woman be girt with a sword (feminine sexuality), let blood flow (power of both semen and menstruation);**

**Trample down the heathen (aggressive sexual force of lust), and eat of their flesh (consuming the seed).**

**Such is the Covenant of Thelema with the Men of Earth in the Outer Church, with the Lovers in the Inner Ecclesia, and also with the Hermits that abide not but as piles of dust in the Sanctum Sanctorum beyond the Abyss.**

**In the Outer, the work is to suffer the Law, perform the Law, and know the Law.**

**In the Inner, the work is to have bliss & strength & happiness in the Law.**

**In the Order beyond, the work is to unite with the Law, dissolve in the Law, & devour oneself, to awaken Oneself, with Sex Magick.**

**“Love is the law, love under will.”**
